

**SKY IS SAFER.**  
**Aeronaut And Two Companions Thrown From Automobile.**  
 NEW YORK, July 8.—Dr. Julian P. Thomas, the aeronaut and two women companions were thrown from an automobile late last night after their machine had crashed into a trolley pole, and all were seriously injured. The ladies, one of whom it was learned was a Miss Frances Nass, were unconscious when picked up and were still in that condition early today.  
 Dr. Thomas is suffering from a badly crushed leg. When removed to a hospital it was found that so severely was the limb injured that the bones were sticking through the flesh. It is also believed that Dr. Thomas sustained internal injuries.

**SUMMER SCHOOL OPENS.**  
**Innovation In Manner Of Teaching Children Of The Poor.**  
 NEW YORK, July 7.—The summer school season in the city will start today and with their opening will come some decided innovations. In some cases school yards will be turned into truck gardens and every child who wishes will be assigned to a plot which the child will cultivate under instructions, harvest the crops and take home the products of their till.  
 The board of education has planned this for the little poor, who are compelled to stay in the city during the summer.  
 For those children who do not like gardening the board will open schools of manual training and art.  
 Another innovation is at benefit of mothers and their babies. The plan is to set aside certain roof playgrounds, where cool breezes can be enjoyed in the evenings. Eleven roofs on as many schools are to be opened and on each there will be a band to furnish music. Nurses will be in attendance to give practical demonstration relative to the proper care of babies, including their bathing, clothing and feeding.

**PORTLAND MARKETS**  
**Wholesale Price List as Reported Daily.**

**PORTLAND, July 9.**—A front street commission man said today that a good many of the loganberry growers of the northwest would find themselves losers instead of making money as a result of their operations this year. These berries have in recent years been planted very largely, and this year the biggest crop ever known in the northwest is being picked. A good many of the berries that have reached the market went at 50 to 75 cents a crate, the market being overstocked. Today they are quoted at 75 cents to \$1 a crate.  
 Notice was given out by the three leading fresh fish jobbers of the city today that during the months of July and August their places of business would be closed at 1 o'clock Saturdays. All orders for fish deliveries on those days must be in by 12 o'clock. It is said that during the hot months of the year there is not sufficient business on Saturday afternoons to warrant keeping open, and the business of the day can well be well done in the forenoon.
